SWEETWATER AUTHORITY DEBUTS UPDATED EXHIBIT AT THE LIVING COAST DISCOVERY CENTER

This week, Sweetwater Authority (Authority) unveiled an updated exhibit at the Living Coast Discovery Center in Chula Vista.

The updated kiosk features a touchscreen monitor and new software that allows visitors to take a deeper look at the wildlife and water quality of the Authority's watershed. It includes updated graphics, photos, interactive games and video. All of these features are available in both English and Spanish.

The updated exhibit was made possible by funding from the Hans and Margaret Doe Charitable Trust and the Authority. Authority staff worked with Alden Marketing Communications and staff from the Living Coast Discovery Center to create an enhanced experience for guests of all ages to learn more about the watershed and water quality. To watch a video preview of the display, click the photo to the right.

The kiosk is on display during regular business hours at the Living Coast Discovery Center. For information on the facility, please visit www.thelivingcoast.org.

Sweetwater Authority, a joint powers public agency, provides public water service to approximately 189,000 people residing in National City and the South Bay Irrigation District (which includes portions of Chula Vista and most of Bonita).
