

OMWD Invites Teachers to Apply for Field Trip Grant

Encinitas, CA—OMWD invites fourth-grade through eighth-grade teachers living or teaching within OMWD’s service area to apply for the California Special Districts Association San Diego Chapter’s Field Trip Grant by March 16.

The purpose of the grant program is to bring to light the value of the important services special districts provide to the community. The program also brings awareness to water efficiency and sustainability issues while introducing young people to careers in the water industry.

Two grants will be awarded this year. Recipients will receive up to \$800 for bus transportation to 4S Ranch Water Reclamation Facility where students will learn how OMWD treats wastewater to convert it to water that can be used for irrigation to offset potable water demand.

Creative applications with class participation are encouraged and should be submitted by March 16, 2020. Winners will be notified by April 1.

Additional information and materials are available at www.olivenhain.com/school.

#

Olivenhain Municipal Water District is a public agency providing water, wastewater services, recycled water, hydroelectricity, and operation of Elfin Forest Recreational Reserve. Organized in 1959, OMWD currently serves approximately 86,000 customers over 48 square miles in northern San Diego County.
